SUMMARY OF DATA USE LIMITATIONS

All users of detailed public records must submit a signed Limited Data Set Use Agreement. Some limitations are summarized below. The complete agreement form may be found at the following link:

<http://www.floridahealthfinder.gov/Researchers/OrderData/order-data.aspx>

Permissible Uses and Disclosures

- Requester shall not use or further disclose the limited data set specified except as permitted or as required by federal law. Requester shall establish appropriate administrative, technical, and physical safeguards to protect the confidentiality of and to prevent unauthorized use or access to the limited data set.
- Requester shall not release or allow the release of the limited data set to any persons or entities other than as permitted.
- Requester shall restrict disclosure of the limited data set to the minimum number of individuals who require the information in order to perform the functions. Requester shall instruct individuals to which the limited data set is disclosed of all obligations and shall require the individuals to maintain those obligations.
- Requester shall secure the limited data set when the data is not under the direct and immediate control of an authorized individual performing the functions.
- Requester shall not attempt to use the limited data set to track or link an individual's data, determine real or likely identities, gain information about an individual, or contact an individual.
- Requester shall make a good faith effort to identify any use or disclosure of the limited data set not provided for. Requester shall notify the Florida Center by certified mail, return receipt requested, or in person with proof of delivery within seventy-two (72) hours of discovery of any use or disclosure of the limited data set not provided for of which Requester is aware. If applicable, the requester shall return any record or records that become identified to the Florida Center by certified mail, return receipt requested, or in person with proof of delivery within seventy-two (72) hours of identification. All other copies of an identified record including a modified, hybrid or merged record shall be immediately destroyed.

Penalties

- Requester acknowledges that failure to abide by the terms of the agreement may be subject to penalties for wrongful disclosure of protected health information under federal law. Requester shall inform persons with authorized access, to the limited data set, of the specified of the penalties for wrongful disclosure of protected health information.

PLACING AN ORDER

ORDERING DATA

Orders must be paid for in advance and be accompanied by a written request. Data may be purchased by check or money order made payable to the Agency for Health Care Administration (AHCA or Agency). AHCA does not accept credit cards or telephone orders at this time. Please send payment to the address below.

STANDING ACCOUNTS

To open a standing account with AHCA, send a check or money order for a minimum of \$600. Many customers who frequently order data from the Florida Center for Health Information and Transparency find it convenient to open a standing account.

PROCESSING TIME

Orders are processed upon receipt of payment by Agency staff. Turnaround time for filling orders is generally less than 5 days, depending upon the size and nature of the request.

STATUS OF ORDERS

To verify receipt of a data request or to determine when the filled order was shipped, please call (850) 412-3772. Due to the large volume of data requests, staff cannot determine specifically when an order may be completed.

SHIPPING/MAILING

Filled data orders will normally be mailed via the U.S. Postal Service via Priority Mail. For "overnight" delivery, orders must include a completed mailing label and an overnight account number.

REFUNDS

To receive a refund, send your Social Security Number or Federal Employee Identification Number and a copy of the order form indicating the items for which the refund is requested.

PLEASE MAIL REQUESTS AND PAYMENTS TO:

HOSPITAL FINANCIAL DATA

Collection of financial data began in 1979 with Florida Hospitals submitting budgets for review. A uniform system of financial reporting was developed and a methodology was established which assigned hospitals with similar characteristics to groups to permit fair comparisons of data. In 1984, legislation authorized regulation, as well as review, of financial data.

Florida hospitals are required to submit fiscal year-end financial reports to AHCA annually. These reports are referred to as actuals or prior year reports and are available from 2004. The Prior Year report is fully described in the Florida Hospital Uniform Reporting Systems Manual (FHURS).

The FHURS manual is AHCA's guide to the hospital industry. It describes all financial data submissions required by the hospitals. Its use is recommended if you work with the Agency for Health Care Administration's financial data (AHCA). The FHURS Manual is available on our Web site at:

https://ahca.myflorida.com/MCHQ/Central_Services/Financial_Ana_Unit/fa_data/docs/FHURS_Manual.pdf

DATA RELEASE

The prior year reports are due to AHCA 120 days after the hospital's fiscal year end. Financial data on all hospitals are made available as quickly as possible.

DATA FORMATS

The Financial database/dump is available via E-mail (zipped).

TIME PERIODS

Prior Year reports are available from 2004. Earlier years are only available for all hospitals in database format. Note: Effective March 2010, some worksheets previously reported are no longer available. It is advisable to check with AHCA to establish a report's availability before ordering.

DATA ELEMENTS

A cursory listing of general categories found on the worksheets is provided for you on page 9. Single worksheets are available for purchase; you do not have to order a complete report to obtain single line item information on any given hospital.

HOSPITAL FINANCIAL DATA REPORTS AND PUBLICATIONS

PRIOR YEAR REPORT

This report consists of a hospital's year-end financial data submitted to AHCA on standardized worksheets. Because hospitals submit the data 120 days after their fiscal year's end, availability of this data varies. The Florida Hospital Uniform Reporting System Manual (FHURS) has a complete description of data included in this report plus samples of each worksheet.

HOSPITAL FINANCIAL DATA PUBLICATION

The Financial Data Publication is an annual report that contains nearly 80 categories of financial information comparing each Florida hospital arranged in alphabetical order by county. The data is derived from the worksheets submitted by the hospitals.

A computer run of the data publication from AHCA's database is available after most of the hospitals have submitted their data for the year. The financial data is available by individual hospital or county.

HOSPITAL FINANCIAL DATA REPORTS AND PUBLICATIONS (CONTINUED)

FLORIDA HOSPITAL UNIFORM REPORTING SYSTEMS MANUAL (FHURS)

The FHURS Manual is a guide to the hospital industry that describes the exact data the hospitals must submit to AHCA. It includes definitions, descriptions, and some samples. The Manual is available at:

https://ahca.myflorida.com/MCHQ/Central_Services/Financial_Ana_Unit/fa_data/docs/FHURS_Manual.pdf

NOTE: Previous editions of the FHURS Manual are not available.

INDEPENDENT AUDITED FINANCIAL STATEMENT

This is a hospital financial report prepared by an independent auditor. It may range in size from ten to fifty pages. This report is submitted to AHCA with the hospital's annual prior year report and is available in Portable Document Format (PDF) only. The following elements are included in the statement:

- Auditor's opinion
- Statement of revenues and expenses
- Hospital's balance sheet
- Statement of changes in fund balance
- Statement of cash flows
- Notes to financial statements
