Florida Center for Health Information and Policy Analysis
-- Patient Databases General Information --
Revised August 2018

1. **Ambulatory (Outpatient) Surgery Data** – *Detail p*atient data is available beginning 1997 which includes freestanding ambulatory surgical centers, hospitals with outpatient services, cardiac catheterization centers and lithotripsy centers. *Radiation therapy centers reported data from 1997 through 2003.*

Major rule changes (Rule 59B-9, F.A.C.) occurred in 2005, 2010, 2018; and amended in 2011 and 2015.

2. **Emergency Department Data** – includes hospitals with emergency room department data. This data collection began with calendar year 2005.

Major rule changes (Rule 59B-9, F.A.C.) occurred in 2010 and 2018; and amended in 2011 and 2015.

3. **Hospital Inpatient Data –** Detail patient data is available beginning in 1988 which includes short-term acute care hospitals and long-term acute care hospitals.

Beginning in 1997, detail patient data for *short-term acute care psychiatric hospitals* were collected and included in this dataset. *Aggregated data* for the short-term acute care psychiatric hospitals were reported from 1987 through 1996.

The *detail patient* data for the *long-term psychiatric hospitals* were collected beginning calendar year 2006. Aggregated data for the long-term psychiatric hospitals were reported from 1987 through 2005.

Effective January 2010, freestanding comprehensive rehab facilities and comp rehab distinct part units are collected and included in this dataset.

Data collection for Present on Admission (POA) occurred in January 2007 and DRG was changed to MS-DRG in 4th quarter 2007. In 3rd quarter 2011, the condition code was collected to identify emergency department patients admitted to the hospital (optional in 1st and 2nd quarters 2011).

Major rule changes (Rule 59E-7, F.A.C.) occurred in 2006, 2010, 2018; and amended in 2011and 2015.

4. **Comprehensive Rehabilitation (Comp Rehab) Hospitals** (Rule 59E-7.201, F.A.C.) – Detail patient data is available beginning 3rd quarter 1993 through 2009 which includes data for the *freestanding* comprehensive rehabilitation hospitals. This database does not include data from the short-term and long-term acute care hospitals.

Effective January 2010, freestanding comprehensive rehab facilities and comp rehab distinct part units are collected and included in the Hospital Inpatient dataset (Rule 59E-7, F.A.C.)

Important Note: ICD-10-CM and ICD-10-PCS will replace ICD-9-CM diagnosis and procedure codes in the inpatient, ambulatory, and emergency department data beginning fourth quarter of 2015(October 2015).
